Subject: OPP POIB and OPS Collaboration on Intelligence and Planning - IMPORTANT
Date: 9-Feb-22 12:15:00 PM

Mark and Ken,

I know that you are both exceedingly busy. I have a couple quick thoughts based on how we can best help tactically, operationally and strategically:

1 – OPP has high level planners – **Integrated Planning Cell** – in Ottawa currently. It is led by C/Supt Carson Pardy – cc'd. *We provided them an extensive briefing this morning on everything we have.* I chatted with Ken about this last night – here is what we addressed:

- POIB Director Presentation on Freedom Convoy Protest – Context;
- POIB Operations, Priorities, Clients;
- POIB Reports / Reporting;
- Ottawa Events – Overview of Protest, Intentions, Social Media Communications, Potential;
- Ottawa Events – Observations on the Ground;
- Ottawa – Extremist Activity and POIs
- Ottawa – Operational Security

2 – **We would like to provide a briefing – or just have a discussion with you – OPS Intel and Planners – together with this group to ensure that you have everything we have in order to assist you;**

3 – **PRODUCTS:**

- HENDON: I know that you are receiving the HENDON report – also know this has minimal impact on planning.
- **Operational Intelligence Report:** On Saturday 5 Feb, I spoke with Mark and we shared our **Operational Intelligence Report**. It has been updated as of last night and is of more utility for planning. I will send this to you within the hour.
- **Intelligence Operations Section Dailies:** We are deploying COTs on the street on a daily basis – they are addressing intel gaps and needs to assist you. D/S/Sgt MacAlister is producing these and they are being shared with D/Sgt Karen Marlin in the NCR CC CIG.
- **POI Profiles:** We have approx 12 POI profiles on leaders, influencers, etc. We can address in a briefing and provide to you.

4 – **ANALYTICAL:**

- We are fully engaged here and have been involved with many of these entities for a long period of time. What we have is yours to assist planning. Like to facilitate this in a discussion.

5 – Command Post:

- D/Sgt Karen Marlin is in the NCR CC CIG and has access to anything we have or produce.
We consider this co-location with you for operational purposes.

We are engaged and I feel a discussion is important – name the time and we will do it.
